

Directions

November 2010

Please answer these questions about your physical activity. Please be honest in your answers. Your results will not be shared with anyone at school.

Part 1. Activities you did YESTERDAY after school

On the next page is a scale that records the main activities you did between 3:00 pm and 10:00 pm

- For each 15 minute period, write the number of the activities you did.
- A list of activities is on Page 3
- Also, tell how physically hard the activity was by placing the number in the column of light, medium, or hard.

For example, if you played with cards yesterday from 3:00 pm to 3:30 pm, write the number 12 (playing cards) in the box 3:00 p.m. and 3:15 pm – it is a *light* activity, so it goes in the first column.

Light & Easy Activity – sitting, slow breathing, little or no body movement

Medium Activity – quick movement, faster body movement and increased breathing

Hard Activity – quick movement and hard breathing, fast body movement and breathing hard for 20 minutes or more

Activity Log

Put a number in the correct column for each time.

Activity numbers are on next page

LIGHT & EASY
ACTIVITY/SITTING

MEDIUM
QUICK MOVEMENT

HARD -
QUICK MOVEMENT &
HARD BREATHING
